Vegetable relish	Chatting	Bus Maths	Health Math - Statistics Confusing
Few hours of learning in class; wish we could learn at night		JCs treated like form 4s, not grads	
Changing of school calendar that shortened CS		Conflicts w/others on Campus	
"Please Help Me" necklace		Jealous about the clean room award	
Evening activities make us tired		Washing plates after meals	

6. Other comments

Games played w/teachers
Camp should be held some 3-4 days past term end
JCs should have better career development
I am going to pass my MSCE because of Camp Sky
Teaching, organisation and friendly is good at camp sky
We have learned a lot in one week
I encourage you to keep it up since this is not the end of the world
I enjoyed meeting different kinds of people from Malawi as well as from America.
The teachers have treated us very good. There is no one complaining that he/she has been ill-treated. So can congratulate them.
The period we had was too short and it might be extended to a month or half month
Field trips should be done by track eg. Civ Svc to radio station, Env to game reserve, etc.
Try to increase the time the students are expected to stay here.
Next time, time should be increased so topics should be finished.
